

BY ORDER OF THE PEOPLE OF NSW AUSTRALIA 2009

To: The Honourable Speaker and Members of the Legislative Assembly of NSW.

Re: **Non-Consent Letter of the People of the State of NSW draws to the attention of the House**

NOTICE of NON-CONSENT to the FLUORIDATION OF MY WATER SUPPLY

As a State of NSW water customer, **I DO NOT AUTHORISE, NEITHER DO I CONSENT to the water supplier commencing** to add any FLUORIDE CHEMICAL or COMPOUND to the water supply piped into my home.

The Hydrofluorosilicic Acid, which the water supplier has proposed to add is for the purpose of delivering the chemical into consumers' bodies as a health treatment to give an alleged health benefit. The ethics of medicine and health care dictate that the "informed consent" of the subject must be obtained before commencing any treatment, preventive or otherwise. This letter is my notice that I have independently informed myself.

I choose to withhold my consent to treat my family and myself with fluoride.

There is overwhelming scientific evidence and case history reports, which clearly demonstrate that fluoridating water with Hydrofluorosilicic Acid (toxic industrial waste) causes major and costly health problems. These problems include, brittle bones, thyroid dysfunction, nervous system impairment, dental and skeletal fluorosis, genital deformities in males, feminising of boys, testicular cancer, spontaneous abortions, birth defects, kidney failure, hormone disruption, chemical sensitivities and cancer.

I have never authorised *the State of NSW or any other water supplier* to act as my health care practitioner or prescriber.

You have a total of thirty (30) days after the receipt of this Notice, to respond. If you choose not to respond within that period of time, it shall be legally deemed that you accept the terms and conditions of this Notice, and thus will not proceed with the fluoridation to my water supply.

Yours sincerely,

Name:.....

Signature:.....

Address:

Email..... Phone:.....

Date:...../...../.....

NOTE: I reserve the right to lodge a copy of this '**non-consent to fluoridation**' letter with my legal representative and/or any local, state or national consumer advocacy group supporting my rights in this matter. End.
